PROMPT ACTION TO STOP EPI-  
DEMIC'S SPREAD IS RE-  
ASSURING.

### VETERINARIAN TO BE IN CHARGE

Dr. Barth Will Superintend Disinfection  
Of Barns and Inspection  
Of the Livestock.

(Special to Telegraph)

Amboy, Sept. 2.—The discovery of foot and mouth disease on the McGovern farm in May township yesterday, as announced in the Telegraph Wednesday evening, will not in any way affect the livestock exhibits at the Lee county fair here week after next.

The fair association has placed its barns in the hands of Dr. H. C. Barth, veterinarian, and the barns, yards, sheds, etc., will be thoroughly disinfected before any cattle or stock of any kind is admitted, and all stock will be rigidly inspected before admission to the grounds.

J. H. Larabee, one of the largest livestock exhibitors in the west, has notified the fair association that he intends to bring his stock to Amboy, as he had intended, and he says he does not fear that the stock will be infected by the presence of the disease ten miles from Amboy. Inasmuch as the Lee county fair was the only exhibit Mr. Larabee planned to make outside of state fairs this year, the directors of the Amboy institution feel highly pleased with his determination not to be frightened off by the discovery of the disease, which it is believed has been checked at its inception.

#### In Mild Form.

It is stated that the stock on the McGovern farm had the disease in a mild form only and that the prompt action taken to destroy the cattle and hogs, quarantine the farm and close the territory within five miles of the infected premises will probably prevent its spread.

## FIND NO CHOLERA ON INTERNED BOATS

SUSPECTED DISEASE DIAGNOSED  
AS PTOMAIN DISTURB-  
ANCE TODAY.

(Associated Press)

Hoboken, N. J., Sept. 2.—There is no cholera on the interned German ships here. The illness, which at first was feared was Asiatic cholera, has been diagnosed as ptomaine disturbance.

New York, Sept. 2.—Investigation of the 180 persons aboard the interned steamship President Lincoln in the Hamburg-American dock at Hoboken practically convinced Dr. Louis I. Williams, chief medical officer at Ellis Island and Dr. J. J. O'Connell, health officer of the port, that the illness was not Asiatic cholera as first was feared.

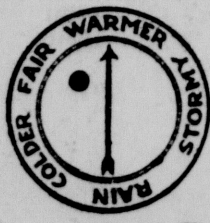

Still the quarantine on the President Lincoln will be maintained until the physicians have completed their bacteriological examination.

## Many New Cases Are Filed As Court Term Draws Near

Next Friday Is Last Day Of Ser-  
vice For September  
Circuit Court

As the time approaches for the fall term of the circuit court new cases are being added to the docket. Time for service of all new suits will expire on a week from tomorrow night. While a number of new cases already appear on the docket there are none of great importance in which the general public takes an interest. Florence Mettelle of Viola township, through her attorney, Harry Edwards has just filed suit for a divorce from her husband, Emmitt Mettelle on the grounds of cruelty. According to her petition they were united in marriage on Sept. 3, 1913, at Odell, Ill.

#### Suit Over Farm

Claiming that the farm that he purchased of J. M. Santee some two years ago did not contain the number of acres of land that he paid for A. Fixter has started suit against Mr. Santee to recover to the amount of \$500. He alleges that it was represented that there were 204 acres in the farm and that on taking a survey were turned out to be but 200 acres.

## TROLLEY BROKEN; CARS LATE

Service to Depots Was Crippled By  
Accident Today

Street car service to the depots early this morning was crippled until after 8 o'clock because of a break in the trolley wire at the corner of Depot avenue and Sixth street. People waiting for street cars to take them to the early trains were disappointed in not getting farther than Sixth street and from there having to walk to the station.

Mr. and Mrs. J. M. Batchelder are expected home soon from Colorado.

DANISH SOLDIER GUARDING MINE

Photo by American Press Association.

Among the questions raised by Germans when the Arabic was reported sunk was whether a submarine compassed the destruction of the liner or she struck a mine such as the one shown in the illustration. Many of these mines have been washed up in the war zones. The one pictured came ashore on the beach of the Danish island of Fano, in the North sea, and a Danish soldier was set to guard it to keep any meddlesome person from setting it off.

HYDRO-AEROPLANES MAY BE  
SUPPLIED IN MINNESOTA  
FORESTS

### WOULD TRAIN AVIATORS TOO

Sec. Daniels Of Navy Dept. Has Tentatively Promised Two  
Machines

(The Associated Press)

St. Paul, Sept. 2.—The aerial patrols will replace the foot and canoe patrols now maintained by the state forestry department if the plans of the State Forester, W. T. Cox are carried out and Secretary Daniels of the navy department supplies the two hydro-aeroplanes tentatively promised to the Minnesota naval reserve.

Commander Guy A. Eaton, chief of the Minnesota reserves, and Mr. Cox conferred in Duluth regarding the establishment of an aviation school, to which the forest service would send a number of its rangers as students, who when they became proficient as airmen, would be able to cover vast areas of the territory now so difficult to cover.

"The European war, with its aeroplanes directing gunfire and observing movements of the enemy, has clearly proven the practicability of aircraft," said Mr. Cox today.

"With its immense forest reserve, including the Superior forest in northeastern Minnesota, the United States has a direct interest in aerial patrols aside from the training of a force of flyers for military purposes.

#### Stroke In Economy

"The new plan makes forest protection more efficient and also is a big stroke in economy. While adoption of the proposal throughout the state would improve conditions greatly in every section, Northeastern Minnesota, with its thousands of

## NORTH DIXON SCHOOLS OPEN NEXT MONDAY

FIRST SESSION AT 9 O'CLOCK —  
ALL PUPILS SHOULD BE  
PRESENT.

### EXAMINATIONS SATURDAY MORN

The North Dixon school will open next Monday, Sept. 6, and it is desirable that every pupil be present for enrollment and preliminary instruction at 9 o'clock Monday morning.

Children who will be six years of age during the ensuing school year must go to the office of the superintendent before enrolling in the first grade, and one of the parents should accompany the child, unless some other arrangements have been made.

Examinations for those who failed in some of the studies last year will be held Saturday morning at the high school building and pupils who have not made other arrangements should avail themselves of the opportunity to make up deficient grades.

The boundary between the Loveland and the central schools is the same as last year: The Illinois Central railroad from the river to David Emmert's place, thence north along Ladine's property to the district boundary.

## FIFTY SUBMARINES CAUGHT BY BRITISH

STEEL NETS CAPTURED SUBMER-  
SIBLE THAT SANK THE  
LINER ARABIC.

(Associated Press)

New York, Sept. 2.—An officer of the White Star liner Adriatic which arrived in New York today, declares that the submarine which sank the liner Arabic was caught in a steel net and that the crew of the submersible are now prisoners in England. He added that during the last sixty days the British have captured fifty German submarines.

Premier Borden of Canada, Major Sam Hughes, Canadian minister of militia, and six other survivors of the Arabic also arrived in the Adriatic. The survivors say they did not see the submarine which torpedoed the Arabic.

Senator Adam Cliffe of Sycamore was in the city a short time this morning and from here went to Morriston.

#### Press Antagonistic.

The British press says that Great Britain can not be a consenting party to any settlement of the submarine question which puts liners and passengers in a separate class apart from merchantmen and their crews.

## Plan Apparatus For Play Ground At High School

Board Of Education Held Meet-  
ing - Enrollment Is  
Very Large

The south side school board held their regular monthly business meeting Wednesday evening. Superintendent W. R. Snyder gave a report of the enrollment on the opening of school Monday. Several of the grade rooms in some of the buildings are taxed to their capacity and some changes will have to be made so as to vene up the enrollment in the various buildings. In the high school room 206 are now enrolled, a gain of eight over the close of the first semester of last year. The number of tuition pupils enrolled is greater than it has been in any previous year. The manual training as well as the domestic science departments are proving quite popular. The play ground at the Central building just opened up is greatly appreciated by the grade children and as soon as possible playing paraphernalia will be placed on the ground, such as slides, teeter-totters, and horizontal bars. From time to time new apparatus will be added.

## STREET SIGNS BADLY NEEDED IN THIS CITY

STRANGER IN DIXON SURELY "UP  
AGAINST IT" SEEKING RES-  
IDENCE LOCATIONS.

### METAL SIGNS ARE SERVICEABLE

The city of Dixon is badly in need of street signs at the intersections of streets in the residence district. In some sections of the city there are no signs whatever while in others where signs are up the weather has obliterated the paint and they cannot be read.

It is a frequent occurrence to have strangers in the city stop persons and ask to be directed to a certain street. Those walking from the business district to the depot frequently get several blocks out of the way in attempting to find Depot avenue, having been directed to walk to Depot avenue and then south.

The average person looking for a particular street in Dixon starts in the direction indicated by some obliging person. Upon reaching the point where the street should be he begins looking on the sides of corner houses at the intersection. Not receiving enlightenment from these, he then casts his optics toward the telephone or light poles or trees. Nothing doing—no sign in sight. If a pedestrian is espied, he patiently waits for the party and then asks. Often the person branches off leaving the searcher bewildered as to which way to go. Have you ever been in a strange town in such a predicament? Your thoughts of the progressiveness of that town were not of the highest. Mr. Visitor's eye catches a small board nailed to a tree partly hidden by branches and he investigates, finding a board which at one time was a sign but the letters of which have long since been erased by the weather. From appearances it must have been tacked up by Noah with some nails he had left after he had finished the ark. Of course if you have lived in Dixon for some time you have come to accept this as a matter of course, but what impression does the stranger in our midst get of the city? Many cities in the northern part of the state are putting up metal signs with a blue background and a white letter. If the city finances are not such as to place these signs on all the streets it would be a step in the right direction to placard the principal streets and add to the others from time to time.

## HIRED NEGROES TO KILL HER HUSBAND; THEY CONFESS CRIME

WIFE OF PROVIDENCE, R. I., PHY-  
SICIAN, FATALLY SHOT, IS  
IMPLICATED.

### PROMISED THEM FIVE THOUSAND

Woman Is Reported To Have Been  
Extremely Jealous of Her  
Husband.

(Associated Press)

Providence, R. I., Sept. 2.—Mrs. Elizabeth Mohr, wife of a Providence physician, was arrested today after three negroes signed a confession that she had hired them to kill her husband.

The negroes, George Healis, Cecil Brown and Henry Spellman, confessed that she had promised to pay them \$5,000 nine days after the crime, at which time she was to obtain possession of his estate.

#### Was Fatally Shot.

While on an automobile trip Tuesday night in Bristol county, Dr. Mohr was shot and fatally wounded and Miss Emily Burger, his assistant, was wounded.

Healis was driving the automobile and he stalled the engine, he confessed, while Brown, who was formerly employed by the doctor, and Spellman crept through the bushes and fired.

Brown shot Dr. Mohr and Spellman wounded Miss Burger. Brown is charged with murder, Spellman with intent to murder and Healis as an accessory to the murder; while it is said Mrs. Mohr will be arraigned on the charge of inciting murder. She vehemently denies the negroes' charges.

Recently Mrs. Mohr instituted separation proceedings at which time the doctor brought a counter suit. The negroes assert that Mrs. Mohr was extremely jealous of her husband.

#### Threatened Miss Burger

Following the confession of the negroes, a brother-in-law of Miss Burger made public a letter from Mrs. Mohr in which she wrote: "Tell your sister if she dares go into my Newport home she will never come out alive."

#### Mrs. Mohr Held.

The negroes and Mrs. Mohr were arraigned later in the day at Warren, the woman being charged with inciting murder and Mrs. Mohr was held without bail.

(Associated Press)

Brownsville, Tex., Sept. 2.—The United States troops and Mexican bandits are reported to be engaged north of Brownsville, and it is said the Mexicans are being surrounded. Aviation Lieutenant Morrow has been ordered to go aloft and direct the soldiers.

(Associated Press)

Brownsville, Tex., Sept. 2.—United States troops in special trains are in pursuit of Mexican raiders who at midnight burned a bridge near this place.

Galveston, Sept. 2.—All towns and ranches along the Mexican border are up in arms awaiting what they believe will be a general invasion by Mexicans as a result of the killing of Gen. Orozco on Monday. Mercedes, Harlingen, Del Rio and a score of smaller towns are closely guarded by armed citizens and soldiers. Ranches all over the border section are guarded by cowboys and rangers heavily armed.

Several suspicious Mexicans have been arrested in the border country but it is believed that only one Mexican was killed. At various points along the Rio Grande bands of armed Mexicans have been seen. They were mounted and were galloping along as if looking for orders to cross into Texas. Peace officers and citizens along the border sent an appeal for more soldiers and rangers. They assert that trouble is sure.

Misses Loretta and Sarah Mooney of Chicago are expected to arrive this evening to spend a few days with their aunts, Mrs. Mary Clark and Miss Anna Mooney.

This year we've increased our small-tire size. We have added 20 per cent to the air capacity—the factor which carries the load.

We have added 30 per cent to the side-wall rubber—just above the bead. That's where constant flexing breaks so many tires. And we've made new molds because

By GEORGE FITCH  
Author of "At Good Old Siwash"  
PUNDEROUS PERSONAGES — MACHIAVELLI

Machiavelli was a much misjudged, bumptious minority leader was a pale Italian who would smile contentedly for the first time in 300 years if he could get a look at the remains of international law at present.

He was born in Florence in 1469 and, after obtaining a fair education, went into politics at the age of 24 and got a city appointment. Politics in Italy at that time was as risky an occupation as aeroplaning. The man who played the game only stayed up a little while and usually got killed coming down. Notwithstanding this fact Machiavelli succeeded in staying in politics in Florence 43 years before he was banished. While his fame is not based on this fact it constituted a world's record up to that time and should not be overlooked.

Machiavelli had the job of organizing the Florentine militia. While doing this he studied statecraft. Florentine statecraft included a conscientious use of murder, arson and prevarication in its various branches and the statesman who could not drop a pack of rat poison into the wine of a

Machiavelli dodged trouble for a long time, but it came plentifully at last. He was tortured by the Medicis and fired from Florence with a loud report. This did not offend him, because it was all in the name of statecraft. But it took him twelve years to get up enough nerve to go back into politics. In the meantime he wrote plays, poems, essays and a number of books on Italian politics. One of these was "The Prince." It was a slim volume full of such shocking recipes for building a kingdom that "Machiavellian" has become an adjective used to describe anything slightly worse than devilish.

This was a great injustice to Machiavelli, for he was a kind man who did not believe in Greek fire or poison gases. In fact he would be a little too soft-hearted to be of much use in a modern war.

Machiavelli's theory was that the State was too big and important to conform to petty rules of humanity or morality or honesty, which were only invented for common people. It has taken three years for the world to understand the theory, but it seems to be absorbing it rapidly now and we may expect to see a great many statues of this great man erected in the next few years.

### FAMILY THEATRE.

High class vaudeville will again reign at the Family theatre beginning tonight for which an excellent program has been arranged. The musical monologist, Ed Latell, will be seen for the first time in this section during this engagement. His offering must be seen to be appreciated.

"Swengale," on the same program, is the only mind reading dog in the world and astounds his audiences by his almost human intelligence in answering questions put by his trainer. A wonderful performance is given by this famous animal; it is a genuine treat for theatre goers.

Music, song and dance are combined in the offering of the Eslaph Trio, including two ladies and a gentleman. One of the young ladies is a remarkable toe dancer with artistic grace and skill seldom equalled. The offering throughout is one of class and real merit.

Pictures tonight: "The Girl and the Reporter," a two reel Selig drama; "He's a Bear," a Lubin film featuring Pat Rooney.

## PRINCESS THEATRE.

Tonight the Princess theatre will show "The Kinship of Courage," a majestic feature with W. E. Lawrence and Francella Billington in the leading roles, the story of a boy trying to follow the right road and win his sweetheart. The other pictures are a Keystone comedy entitled "The Ragtime Band," with plenty of laughs, and a Reliance drama entitled "The Little Orphans," the story of how a crook's plan to make a criminal out of a little boy resulted only in happiness.

Oneida Community Silverware is the same good value. It is plated ware that fulfills every service of solid silver. It is known to be the leader in the field its makers have selected, so it is quite right and proper that it should be so linked with another name so favorably thought of.

We have a limited number of twenty-six piece sets of Oneida Community Silverware to go with every Sellers *KITCHENEED* sold during the next two weeks, or as long as it requires to exhaust the silver sets.

Each Set consists of

Each set is guaranteed for 10 years and is put up in an attractive mahogany finish case. To buy this under ordinary conditions would mean an investment of \$10.00. During this sale it means only \$2.45. Not soon again will an opportunity like this present itself.

She has several particularly fine borders, one composed of mock orange, hydrangeas and geraniums. The hydrangeas have blooms on now, at least fifteen to the plant, each as large as a common sized water pail. A cactus dahlia border was also very beautiful.

To Attend Lanark Wedding  
Miss Margaret Lehman is in Lanark as the guest of Miss Amy Naomi Trout whose wedding to Prof. John Bowman White of Chicago University will be celebrated on Sunday afternoon at 4 o'clock in the Brethren church of that city. Miss Trout is a personal friend of Miss Lehman and was last year a teacher at the Brethren school at Mt. Morris from which Miss Lehman graduated.

An interesting bit concerning the wedding of Miss Trout is the publicity her father, Elder I. B. Trout, formerly pastor of the Lanark Brethren church, gave to the wedding by publishing an invitation in the Lanark paper on the front page, giving all who cared to do so opportunity to witness the wedding ceremony, thus outdoing Champ Clark in regard to his daughter's wedding.

Golden Wedding Anniversary

The golden wedding anniversary of Mr. and Mrs. Christian Eakle of Chana was celebrated there at their home Sunday, August 29th. 56 relatives and friends were present. Flowers of yellow and white were used in profusion throughout the house and on the table where an elaborate dinner was served. The huge wedding cake, weighing 11½ pounds, decorated with a miniature bride and groom and wedding ring, formed the centerpiece. Following the dinner, which was served by the granddaughters, the honored couple were presented with gifts of money in gold and other presents.

Those of the eight children present were: Mr. and Mrs. Henry Hardesty, Dixon, Ill.; Mr. and Mrs. Joseph Eakle, Waterman, Ill.; Mr. and Mrs. Vernice Eakle, Oregon, Ill.; Mr. and Mrs. Martin Eakle of Rochelle, Ill.; Mr. and Mrs. F. B. Hardesty, Mr. and Mrs. Fred Drew, Dixon, Ill.; and Mr. and Mrs. Otto Bursing, Byron, Ill. One son, Jesse Eakle, of Oldham, S. Dakota, was unable to be present. The grand children present were Mr. and Mrs. Glenn Hardesty and daughter, Merna Marie, of Oregon, Ill.; Mr. and Mrs. Harry Fischer, Miss Gladys Hardesty, Harold Hardesty, Mildred, Alva and Merle Drew, all of Dixon; Laurence, Gerald and Velda Eakle of Waterman, Ill.; Rosetta and Norvella Eakle of Rochelle; Clarence and Vernice Eakle, Oregon, Ill.; and Clyde Bursing, Byron, Ill. Of the twenty-one grandchildren there were but six who were not present.

Mrs. James Tilton of Rochelle, a sister of Mrs. Eakle, and her husband, Mrs. Sarah Kniesian of Oregon, Ill.; another sister of Mrs. Eakle, and a brother, David Cole, of Aurora, were also present, besides various other guests.

In the fifty years of Mr. and Mrs. Eakle's wedded life there has been but one death, that of a grandson, to mar the family circle, a circle with four generations. Merna Marie Hardesty, being the great granddaughter.

### MONEY FOR GARBAGE REMOVAL.

Under the new Illinois law cities are allowed to levy a special two mill tax for the purpose of maintaining a garbage removal and destruction system. The assessed valuation in Dixon is about five million dollars. A two mill tax on this would raise ten thousand dollars—more than would be needed. An incinerating plant or reduction plant for the burning of all garbage and refuse could be installed for \$3,500. Two horses, two men and two wagons could gather all the garbage in Dixon, collecting every other day during the hot summer months (if we ever have any), and one wagon would suffice for the winter work, for twice a week would be plenty often to collect. The work would all be done free of charge to any individual and the expense would be borne by the tax payers, which is just and equitable and follows the plan in effect in every progressive and up-to-date city in the land.

About fifteen cents per capita per year would amply cover the cost of maintaining the plant, gathering the garbage and all expenses connected with the system.

The city commissioners realize the need for the service in Dixon. Commissioner Van Bibber reported at a recent meeting of the council, that he has been on a tour of inspection through the alleys of the business district and he found some very odorous and objectionable places back of restaurants, meat markets, etc. Conditions are even worse in some resident district where garbage is dumped on the ground and not covered in any way.

If the city commission decides to commence the collection of garbage, which we fervently hope they will do, Dixon people will be obliged to co-operate in the way of providing substantial garbage cans with covers, which may be used at the back of the house to hold the accumulation of garbage between collections.

### DO SOME REAL ROAD BUILDING.

A five hundred thousand dollar bond issue would build a brick street from Dixon to Pawpaw and from Dixon to Ashton, and would be tributary to the majority of the farms in Lee county. It would be paid for by future generations who would never feel the weight of the tax, which spread out over a period of years and paid by this wealthy county, would amount to nothing, compared to the raise in the value of land and the comfort such a road would give to those who would use it. A mile of permanent road here and there is merely an aggravation.

Begins to look like we might have a little summer after all. Maybe we will have a hot winter.

## FLYER'S CRASH PERILS 250; WOMAN MAY DIE

### Panama Limited Hits End of Freight Near Joliet.

Chicago, Ill., Sept. 2.—Scores of bruised and battered passengers limped from the Pullmans of the Panama limited train of the Santa Fe system when the train arrived in the Polk street station. The delay was caused by a headend collision below Collet on the Chicago-Alton tracks. One woman, fatally hurt, is in a Joliet hospital. A score or more injured passengers were brought to Chicago on the belated train, one of the fastest in the Santa Fe service.

Mrs. Mary Wheeler of Peoria, Ill., was badly bruised on the head, face and shoulders and suffered internal injuries.

A freight train had been backed up on a side track near the little village of Plaines. The long freight had not cleared the main track when the Santa Fe limited came thundering along.

More than 250 passengers were aboard the train when the collision occurred. All were shaken up and badly frightened. The train was going at high speed at the time of the crash. Its schedule cuts out Joliet as a stopping point and the collision took place four miles south of Joliet at Plaines, Ill.

## SUNDAY MORNING THEIF AT ROCHELLE

PEOPLE ARE AROUSED OVER  
SECOND APPEARANCE OF  
THE MARAUDER.

(Special to Telegraph)

Rochelle, Sept. 2.—Rochelle has a burglar who has a mania for entering homes early Sunday mornings and making a specialty of robbing the ice boxes. He made his first appearance at the home of L. J. Pelek, Eleventh street, late Saturday night or early Sunday morning, Aug. 22. He secured \$4.85 in money, the contents of the ice box, Mr. Pelek's last cigar, and barely missed getting the family silver.

The second appearance of the miscreant was early Sunday morning at the Dr. Geo. E. Bushnell home on the same street. The thief secured the Sunday dinner from the refrigerator and was busily engaged in ransacking the house when he was frightened off. The doctor thought it was his son, Frederick, and called to him. Failing to get an answer he started an investigation and frightened the burglar away. The police were notified and a suspect arrested. He was later released for lack of evidence, and on the strength of his eloquent pleading.

lakes and many streams, is the place where the flying boats would be of greater benefit than in any other district in the United States.

Commander Eaton added that five million acres represents one-quarter of the forest region needing patrol in Minnesota and that it represents also the lake-dotted area of Northeastern Minnesota.

"Three hydro-aeroplanes and four officers would be required for a five million acre territory," he said.

"The machines, allowing for a life of three years, cost \$7,750 a year; repairs and supplies \$100 a month; or \$600 for six months' service. Two aviators at \$200 per month; two observers at \$100, and a mechanic at \$80; cost \$4,080. This brings the total expense for six months' aerial patrol to \$12,430.

"Then a small supplementary force of twenty-five men who would cost about \$12,000—and we have the introduction of new forest protection service for 5,000,000 acres at a saving of \$25,000 annually."

Would Raise Monument to Fitch. Galva, Ill., Sept. 2.—Citizens of Galva are deeply interested in raising a monument in honor of George Fitch. A number of magazine editors, as well as newspaper men, are signifying their intention of aiding in the work.

And the Women Confessed It. Chillicothe, Ill., Sept. 2.—A stranger, claiming to have a powder which would kill moths in feather beds and pillows, swindled many Chillicothe women out of \$15 each.

Illinois Editor to Indianapolis. Cairo, Ill., Sept. 2.—Harris Dante, managing editor of the Cairo Daily Herald, has accepted a position in Indianapolis.

San Francisco June 22, just 81 days covering his distance. On the way out he became lost in a snow storm in the Rockies. Mr. Shelton is 54 years old and has won a number of marathon events. He is trying to lower his own record of 81 days on the return trip and is over 100 miles to the good on his western trip. He walks night and day and rests where he can along the way.

## TWO RUSS FORTS FALL TO KAISER

Lutsk and Zborow Captured by  
Teutonic Allies.

CLAIM RUSS LOST 1,400,000

Berlin Reports 1,100,000 Muscovites  
Are Prisoners and 300,000 Have  
Been Killed or Wounded Since May  
2nd—270,000 Taken During August  
—Vienna Also Reports Gains.

London, Sept. 2.—The Russian for-  
tress of Lutsk, located sixty miles east  
of the River Bug, on a branch of the  
main line railway running from Brest-Li-  
tovsk, has been captured by Teutonic  
forces. This is the tenth fortress to be  
captured by the Austro-German  
forces within a month. Zborow also  
has been captured by the Germans.

The Berlin war office announces  
that in the great Austro-German drive  
since May 2, 1,100,000 Russians have  
been captured and 300,000 killed and  
wounded, making the total Russian  
loss in four months 1,400,000.

270,000 Taken in August.  
During the month of August the  
Teutonic troops captured more than  
270,000 Russians, 2,300 cannon and 550  
machine guns.

Of these 20,000 prisoners and 827  
cannon were taken at Kovno. About  
90,000 prisoners, including 15 gener-  
als, 1,200 cannon and 150 machine  
guns were captured at Novogorod-  
sk. The stock of ammunition and  
provisions in the two fortresses is  
said to be very large.

Ejected by Bayonet.

Lutsk is one of a triangle of for-  
tresses in southern Russia, the other  
two being Dubno and Rovno. The Aus-  
trian official report says the Teutons  
at the point of the bayonet ejected  
the Russians from the railway sta-  
tion and entered the town at the  
same time with the enemy.

Vienna also reports that near Bailly-  
Kamen, in North Galicia, the army  
of General von Boehm-Ermolli broke  
through the enemy's line on a front  
of twelve and one-half miles. The  
double defeat, it is declared, forced  
the Russians fighting west of the Strv  
to retreat behind the river.

## U. S. REPLIES IN FRAUD CASE

Declares Alleged Conspirators' Brief  
Contrary to Court Rules.

Chicago, Sept. 2.—The answer of  
the government to a brief filed some  
weeks ago by attorneys for Donn M.  
Roberts and others, convicted of elec-  
tion frauds in Terre Haute, Ind., was  
filed in the United States circuit  
court of appeals.

The brief of the government was  
filed by Frank C. Dailey, United  
States district attorney of Indianapolis  
and covers 110 printed pages. The  
document sets forth that the brief  
filed by the alleged conspirators asking  
that the trial judge be declared  
in error does not comply with the  
rules of the United States circuit  
court of appeals.

There were ten members of the  
committee and Mr. Bryan received  
but one vote, and that on the first

vote.

## OBITUARY

NELLIE M. DAW.

Nellie M. Halsey was born in Mc-  
Lean county, Illinois, Dec. 29, 1890,  
and died at her home east of Lee Cen-  
ter on Friday, August 27, 1915, aged  
24 years, 8 months and 3 days.

She moved with her people to Lee  
county in her early childhood where  
she spent the remainder of her short  
life, receiving her education in the  
schools of Lee Center township.

On Dec. 14, 1907, she was united in  
marriage with Orley N. Daw. To this  
union were born two children: Ed-  
win, aged 7 years, and Mabel Irene,  
aged 7 months.

Aside from four years' residence in  
West Brooklyn, Ill., Nellie has lived  
in and around Lee Center, where she  
won every one she met with her hap-  
py, cheery manner.

Beside the little son and daughter,  
she leaves to mourn her sad depart-  
ure from this earthly dwelling, her  
sorrowing husband, her grief-stricken  
mother, her grandmother, Mrs. Geo.  
Halsey of Lee Center, and the follow-  
ing aunts and uncles: Mrs. Nettie  
Meurers, Amboy; Mrs. Effie Mackin,  
West Brooklyn; Mrs. Josephine Nel-  
son, Lee Center; Bert Halsey, Min-  
nesota and Bud Halsey, West Brook-  
lyn.

Although death was daily expected,  
yet when it came the whole commu-  
nity was shocked and every heart was  
full of that beautiful, tender sym-  
pathy which friend feels for friend in  
time of sorrow and grief.

We do not understand why God  
calls the youngest and fairest, when  
life seems so bright before them, but  
He knows best and He alone knows  
when each of us has finished His mis-  
sion here below.

Relatives from a distance in attend-  
ance at the funeral were Mrs. Owen  
Halsey and Mrs. G. A. Craig, of Hey-  
worth, Ill., and Mrs. Ira Halsey of  
Waynesville, Ill.

The following relatives and near  
friends attended as pall bearers:  
Charles Nelson, Elmo Litz, Eugene  
Lahman, Charles, Walter and Roy  
Halsey.

Funeral services were held at her  
late home Sunday afternoon, Aug.  
29, Rev. Appelman of Amboy officiat-  
ing.

Beautiful flowers showed the es-  
teem in which the departed was held  
and all that kind and loving friends  
could do, was done to allay the sorrow  
of the entire family.

## DIXONITES AT FAIR.

Dixonites will be especially inter-  
ested in the races at the Morrison fair  
tomorrow, for Thad Beck's classy  
pacer, Viola B, is entered in the 2:25  
pace there; while Ned Tippet, the lo-  
cal motorcycleist, will start in the mo-  
torcycle contest.

## GRANDMA NEVER LET HER HAIR GET GRAY

Keep her locks youthful, dark, glossy  
and thick with common garden  
Sage and Sulphur.

When you darken your hair with Sage  
and Sulphur, no one can tell, be-  
cause it's done so naturally, so evenly.  
Preparing this mixture, though, at home  
is messy and troublesome. For 50 cents  
you can buy at any drug store the ready-  
to-use tonic called "Wyeth's Sage and  
Sulphur Hair Remedy." You just  
dampen a sponge or soft brush with it  
and draw this through your hair, taking  
one small strand at a time. By morn-  
ing all gray hair disappears, and, after  
another application or two, your hair  
becomes beautifully darkened, glossy and  
luxuriant. You will also discover dan-  
druft is gone and hair has stopped falling.  
Gray, faded hair, though no disgrace,  
is a sign of old age, and as we all de-  
sire a youthful and attractive appear-  
ance, get busy at once with Wyeth's  
Sage and Sulphur and look years younger.

## O'HARA HEADS WAR VETERANS

Spanish-American Men Elect Lieuten-  
ant Governor as Chief.

Scranton, Pa., Sept. 2.—The Span-  
ish-American war veterans in nation-  
al convention here refused to approve

elected commander-in-chief. E. L.  
Toomey, Hawaii; William Johnson,  
Porto Rico, and John Smith, Philip-  
pines, were not opposed for deputy  
commanders-in-chief.

Pana, Ill., Woman Drops Dead.  
Pana, Ill., Sept. 2.—Mrs. Anna Cor-  
man, aged 64, wife of A. B. Corman,  
three times mayor of Pana and state  
democratic politician, dropped dead  
at her home. Mrs. Corman was lead-  
er of several women's clubs and prom-  
inent socially. Her husband, one son  
and daughter survive.

Frank McCarty spent last evening  
in DeKalb.

F. D. Stone, pastor of the M. E. church of this city, of which both Mr. and Mrs. Ackert are active members. Mr. Ackert being a member of the official board. Mrs. Ackert's costume was a darkblue silk suit with which she wore a white felt hat. Mr. and Mrs. Robert C. Caughey, the latter a sister of the bride, were the only attendants.

QUESTION CLEARED UP

DIXON READERS CAN NO LONGER DOUBT THE EVIDENCE

Again and again we have read of strangers in distant towns who have been cured by this or that medicine. But Dixon's pertinent question has always been "Has any one here in Dixon been cured?" The word of a stranger living a hundred miles away may be true, but it cannot have the same weight with us as the word of our own citizens, whom we know and respect, and whose evidence we can so easily prove.

F. K. Cnare, tailor, 1204 First St., Dixon, says: "I had a dull ache in the small of my back, right across my kidneys. I had heard Doan's Kidney Pills highly recommended, so I got some at Leake Bros. Co.'s Drug Store. They removed the pains in my back and I have had no trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cnare had. Foster-Milburn Co., Props., Buffalo, N. Y.

## CHICAGO OUSTS TEACHERS' UNION

Education Board Passes Drastic Resolution.

### UNION LEADERS TO PROTEST

Samuel Gompers to Address Mass Meeting—Matter Will Be Taken to Court—Teachers Must Withdraw From Federation Three Months or Suffer Penalties.

Chicago, Sept. 2.—The Chicago Board of Education, by a vote of 11 to 3, adopted the Loeb resolution which demands the immediate dissolution of the Chicago Teachers' Federation, and forbids any member of the education department from belonging to any organization having paid officers or representatives who are not members of the teaching force. The vote followed a bitter debate, in which charges of "gag rule" and unfair play were freely hurled.

**Hits Teacher-Labor Unionism.**  
Though the resolution, known as the Loeb resolution for its sponsor, Jacob M. Loeb, strikes generally at any and all such organizations, it is primarily directed at the Chicago Teachers' Federation, and more especially at labor unionism, because the federation is affiliated with the American Federation of Labor.

Though none of the members of the federation nor any labor officials was willing to make a statement, it is known that the fight will at once be carried to the courts.

The resolution provides that every teacher now affiliated with the Teachers' Federation or any kindred organization must within three months from yesterday submit proof that he or she has discontinued such membership.

### Provides Penalties.

And the final clause of the resolution, now embodied in the rules of the Board of Education, provides that:

"Any member of the education department who shall be found guilty of a violation of any provision of this rule shall be liable to a fine, suspension or dismissal from the service at the discretion of the board."

Before the three months shall have elapsed it is certain that an injunction will have been sought restraining the Board of Education from disciplining any teacher for continuing his or her membership in the federation.

### Union Leaders Plan Protest.

Immediately after the meeting adjourned the labor leaders who attended it went to their headquarters at 166 West Washington street. There they held a conference, and Edward Noeckels, secretary of the Chicago Federation of Labor, telephoned Samuel Gompers at Washington with this result:

Next Wednesday night at the biggest auditorium obtainable, Gompers will address a mass meeting of protest, which will be the first decisive step in a country-wide battle to be waged by union labor.

## MRS. HAMLIN ORDERED TO JAIL WITHOUT BAIL

Former Friend Charges Illinois Woman Offered Bribe.

Jackson, Ken., Sept. 2.—Mamie Coleman Hamlin, daughter-in-law of the late Howland J. Hamlin, former attorney general and political leader of Illinois, who is charged with the murder of "Aunt Polly" Davis, a wealthy Breathitt county widow, was denied bail and remanded to jail to await a chemical analysis of the viscera of the dead woman.

Details of the alleged conspiracy by which Mrs. Hamlin, a former Chicago artist, intended to gain the fortune of the widow Davis were divulged by Mrs. Cador Meyers of Charleston, W. Va., who took the stand. She testified that Mrs. Hamlin offered her \$100 to witness the will of Mrs. Davis, by which the widow left her fortune to the former Chicago woman.

"I refused," said Mrs. Meyers, "and the signature that appears on the will is not mine."

"Later Mrs. Hamlin came to Charleston and told me if I would come back to Kentucky and swear that the signature on the will was mine she would make me rich. I came here for the purpose of aiding Mrs. Hamlin, but have decided it is best to tell the truth."

### TAMMANY DEFEATS MURPHY

Boss' Choice for Sheriff, Big Bill Edwards, Turned Down.

New York, Sept. 2.—Charles F. Murphy and Big Bill Edwards went down to defeat together in the meeting of the Tammany Hall executive committee.

The nomination for sheriff, worth \$50.00 a year for two years, if he is elected in November, went to Alfred E. Smith, minority leader of the assembly, instead of to Princeton's mammoth ex-football champion choice of Mr. Murphy.

## ADDITIONAL SOCIETY

### For Mrs. McCrea

### At Luncheon

Mrs. John Richardson entertained at a delightful luncheon this afternoon. The guests were Mrs. James Ketchen, Mrs. Dave Kelley, Mrs. George Slothover, Mrs. Eugene Minnehan, and Mrs. Elmer Jones.

Oyster Bay, N. Y., Sept. 2.—Colonel Theodore Roosevelt issued the following statement on Count Von Bernstorff's note:

"On its face it appears to be most gratifying and if the acts of the Germans bear it out and if suitable amends are made for the lives lost on the Lusitania and the Arabic and on the Gulfight and Falaba and similar cases and if there is no provision expressed or implied as to action on our part, such as was requested by Germany before as regards England and France, the result will be in every way satisfactory."

"I wish to call attention, however, to one thing. This is in no sense a concession from Germany, as it has been styled in some papers. It is an announcement that she intends to stop the policy of assassination. To stop such a policy establishes no claim to gratitude, and I take it for granted that of course there will be the most ample amends so far as such amends are possible made not only for the property but for the 120 lives of American men, women and children who have been assassinated during the four months and over that the policy has been carried out."
